

# Series 4000

*Stability and Great variety of design*

Piva 4000 is a modern profile for a complete and wide range of PVC windows and patio doors, with many variables in terms of thickness and profile performance. Certifications and periodic tests on the quality of the Piva windows and patio doors are synonymous of quality and the highest level of performance. The many variations in style and design ensure a response and solutions to every requirement and need.

Deep  
**70 mm**

Uf  
**1.3 W/m<sup>2</sup>**

Uw  
**0.99\* W/m<sup>2</sup>K**

Safety until  
**RC2**

Rw until  
**45 db**

## DATASHEET

Frame – 70 mm section with 5 chambers

Available in numerous coating variants

\*Uw = 0.99 Wm<sup>2</sup>K with standard glass with three plates with Ug = 0.6 and Psi = 0.040 Wmk

Available with aluminium asluskin coat (wide choice of colors)

Uf= 1.3 W/m<sup>2</sup>K

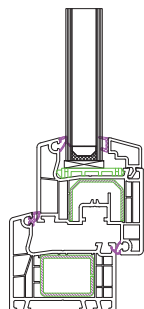

Step variant, semicomplanar variant, roundline variant

Acoustic performance up to 45 dB

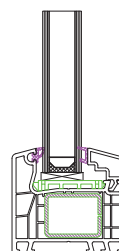

Possibility of draining hidden water

Up to RC2 intrusion and burglary Resistance

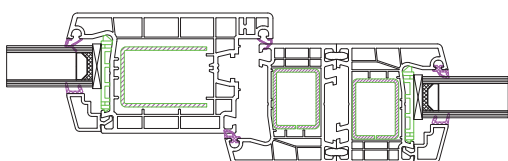

Optional: Bonding Inside
